Make a Masterpiece Party

We put the Art in Party!

In this inspiring, joyous art pARTy, we will create a beautiful painting, that is inspired by one of your favorite artists. Every artist will feel proud of themselves as they finish a beautiful painting on canvas to show off at home. Choose your masterpiece from the list below:

Henri Matisse – Let’s create art like Matisse using many shapes and colors. Children will create a design using free form shapes in the style of Matisse. This is a creative multimedia project for all ages!

Pablo Picasso – Maybe your child is the next budding Picasso! Create a bouquet just like Picasso using simple shapes, collage, paint and more! Or create your own self-portrait in the style of Picasso.

Georgia O’Keeffe – Create large scale flower paintings in the style of Georgia O’Keefe.

Wassily Kandinsky - Our paintings will be full of bright colors and beautiful shapes as we learn about creating art to music just like Kandinsky.

Vincent Van Gogh - We will use watercolors and crayon resist technique to create our own “Starry Night” just like Van Gogh’s well known work of art!

Claude Monet - Gaze upon Monet’s flower paintings and create your own flower garden using collage, paint and much more.

Jackson Pollock- Action Painting is the name of the game with this project! We will be inspired by Jackson Pollock’s work as we do a splatter art project with phenomenal results!

Andy Warhol – Go big and bold as we create a series of Warhol Pop Art inspired prints!

Schedule your party today!
